EXPORT PRODUCTS OF THE KYRGYZ REPUBLIC

Dear users!

This brochure contains information about 200 companies - exporters of food, agricultural, industrial, clothing, and textile products. The information is structured by product sectors and each sector provides company profiles: export geography, exporter's contact information (address, phone numbers, website, and email). This brochure aims to inform importers, distributors, and potential buyers about products from Kyrgyz Republic, to give buyers a better understanding of the geography of production, and a detailed picture of potential partnerships, as well as to expand trade and economic cooperation. The printed brochure is distributed among government agencies, development institutions, diplomatic representatives of the Kyrgyz Republic abroad, and other interested organizations. In case you are interested in the products, you can contact the manufacturer using the contact information in the brochure.

All rights copyrighted. Any copying and reproduction and/or distribution of the text in any form on any resources are allowed with mandatory reference, hyperlink to the source, and the mandatory preservation of the meaning stated in the materials.

National Investment Agency under the President of the Kyrgyz Republic (NIA) is the authorized state body responsible for attracting foreign investments and creating favorable conditions for access of domestic goods and services to foreign markets.

This brochure was prepared and published with the support of the UNDP Aid for Trade project, funded by the Ministry for Foreign Affairs of Finland.

The European Union's Generalized System of Preferences (GSP+)

Since January 27, 2016 the Kyrgyz Republic is a member of the special program of preferences of the European Union GSP+. It provides an opportunity to enter the market on preferential terms in 28 EU countries with a population of over 510.1 million people, with a high level of purchasing power. First of all, these are such countries as Germany, Finland, Sweden, the Netherlands.

The GSP+ scheme entitles Kyrgyz producers to export about 6409 commodity items (66% of the entire commodity nomenclature) to Europe at zero tariff rates. The commodity items eligible for GSP+ preferences cover a wide range of products, including, for example fruits/vegetables, dried fruits, textile products, livestock products, foodstuffs, chemical products.

The main products of Kyrgyz exports to the EU:

- Beans;
- Honey and beekeeping products;
- Felt products;
- Sewing and textile products;
- Mushrooms;
- Medicines (dietary supplements);
- Apples;
- Natural oil (nut oil, almond oil);
- Dried legumes, raw tobacco and tobacco waste;
- Flower seeds;
- Scrap and waste of non-ferrous metals;
- Hunting trophies.

The following groups of goods (excluding precious metals) have export potential for delivery to the EU market:

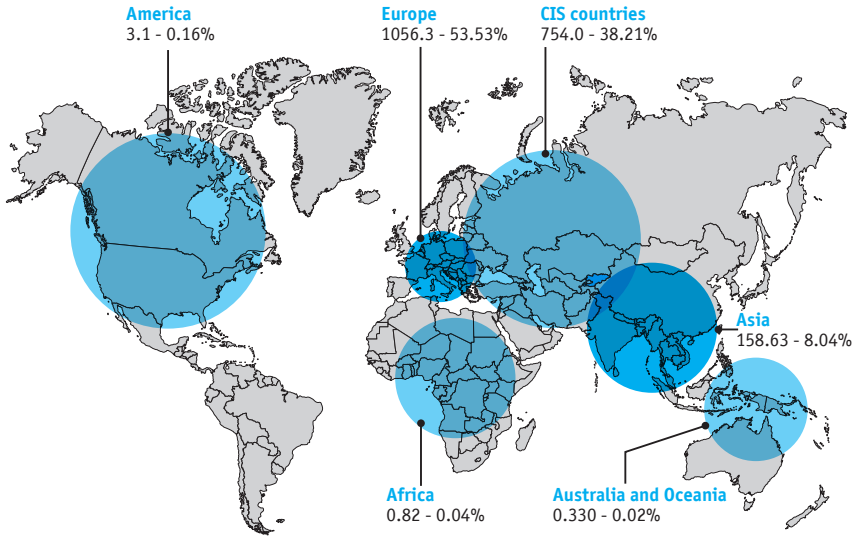

- Textiles;
- Vegetables;
- Fruits;
- Livestock products;
- Food products;
- Chemical products.
