Dear Users !

This brochure «Textile and clothing products of the Kyrgyz Republic» is an informational publication developed with the main objective of increasing the export competitiveness of small and medium-sized enterprises (SMEs) in the textile and clothing sector of the Kyrgyz Republic. The publication provides information on textile and clothing companies of the Kyrgyz Republic, including names, trademarks, product range, photos, export geography and contact information. The informational publication is aimed at informing importers, distributors and potential buyers about products from the Kyrgyz Republic. This allows buyers to better orient themselves in the geography of production, form a detailed idea of potential partnerships, and expand trade and economic cooperation. The printed brochure is distributed among government agencies, development institutions, diplomatic missions of the Kyrgyz Republic abroad and other interested organizations.

In case of interest in the products, please contact the producers directly by the contact details indicated in the brochure.

TEXTILE AND CLOTHING INDUSTRY OF THE KYRGYZ REPUBLIC

The light industry of the Kyrgyz Republic combines textile production, clothing production, leather production, leather goods, footwear production. Light industry is one of the leading sectors of the economy of the Kyrgyz Republic. In 2022, the manufacturing industry of the Kyrgyz Republic accounted for 10% of the country's total GDP. Therefore, the textile and clothing industry of the Kyrgyz Republic occupies 3% of the total volume of manufacturing production.

Since 2008, when the patent taxation system was applied, the textile and clothing industry of the Kyrgyz Republic has been demonstrating itself as a locomotive for rapid creation of workplaces and income emergence among country population. Kyrgyz textile and clothing workshops have found their niche in the CIS countries as a result of their ability to quickly adapt to the season and fashion for inexpensive garments. Importing fabrics and accessories from China, Turkey, South Korea, Republic of Uzbekistan and other countries. Kyrgyz textile and clothing workshops produce and ship clothes quickly enough to the markets of the CIS countries.

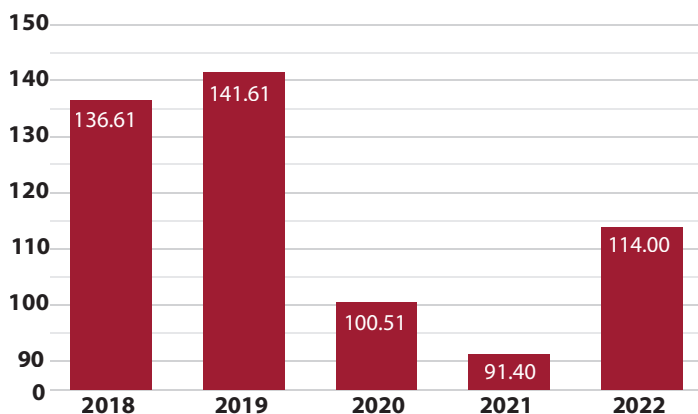

At the same time, almost all textile and clothing enterprises are export-oriented. The maximum export volume of textile and clothing products from the Kyrgyz Republic was reached in 2012 and amounted to 156 million USD. Further, export indicators decreased significantly. In 2022, clothing products worth 475 million USD were exported, which accounted for 22% of total exports.

The Kyrgyz Republic has stable official exports of clothing to the Russian Federation (80% of clothing) and to the Republic of Kazakhstan (17% of clothing). The total amount of clothing exports averages about 100 million USD annually.

The Kyrgyz Republic exports raw materials for the garment industry in average of 40-50 million USD annually. The volume of export of raw materials, namely wool unbrushed is 1,500-2,500 tons (800-850 thousand US dollars). Mainly, it is for sale in China, about 15,000-27,000 tons of non-combed cotton fiber with worth of about 35 million USD. Further, the 43 million square meters of synthetic complex yarn fabrics produced, in the amount of 13 million USD, are sold to Turkey (90%) and the Russian Federation.
